

## **COOPERATION ARRANGEMENT BETWEEN THE RESERVE BANK OF NEW ZEALAND AND THE SINGLE RESOLUTION BOARD**

In view of the growing globalization of the world's financial markets and the increase in cross-border operations and activities of financial institutions, the Reserve Bank of New Zealand ("RBNZ") and the Single Resolution Board ("SRB") have reached this Cooperation Arrangement ("CA") on the exchange of information and cooperation in connection with the Resolution planning and the implementation of such planning with respect to Entities with cross-border operations. The RBNZ and the SRB express, through this CA, their willingness to cooperate with each other in the interest of fulfilling their respective statutory objectives; enhancing communication and cooperation; assisting each other in the planning and the carrying out of an orderly Resolution of an Entity as well as maintaining market confidence and financial stability in New Zealand and in the European Banking Union.

### **SECTION ONE: DEFINITIONS**

1. For the purpose of this CA the following definitions apply:
  - A. "Authority" means the RBNZ or the SRB;
    - (i) "Requested Authority" means the Authority to whom a request is made under this CA; and

  - D. "Emergency Situation" means any circumstance in which the financial or operational condition of an Entity has been materially impaired, or can reasonably be expected to be materially impaired, in a manner likely to affect the cross-border operations of the Entity and requiring consultation or coordination by the Authorities;

"National Competent Authorities" means a National Competent Authority designated by a participating Member State in accordance with Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (OJ L 176, 27.6.2013, p. 1.) and Directive 2013/36/EU (OJ L 176, 27.6.2013, p. 338), and specified in Annex C;
- G. "National Resolution Authorities" means a National Resolution Authority as defined in accordance with Article 3(1)(3) of the SRM Regulation, and specified in Annex B;

"Non-participating Member State" means a Member State of the European Union, whose currency is not the Euro and which has not established a close cooperation in accordance with Article 7 of the Council Regulation (EU) No 1024/2013 of 15 October 2013 conferring specific tasks on the European Central Bank concerning policies relating to the prudential supervision of credit institutions (OJ L 287, 29.10.2013, p. 63) ("Single Supervision Mechanism Regulation" or "SSM");
- I. "Other Governmental Entity" means any one of: the European Central Bank, the European Banking Authority, the National Resolution Authorities (as set forth in Annex B) and National Competent Authorities (as set forth in Annex C) of Participating Member States.
- J. "Participating Member State" means a Member State of the European Union, whose currency is the Euro or a Member State of the European Union, whose currency is not the Euro but which has established a close cooperation in accordance with the SSM;
- K. "Person" means a natural person, unincorporated association, partnership, trust, investment company, or corporation;
- L. "Resolution" means actions taken by an Authority to address an Emergency Situation involving a distressed Entity, consonant with its statutory mandate, being:
  - (i) in respect of the RBNZ, for the application of its tasks as a resolution authority, in accordance with Part 5 of the Banking (Prudential Supervision) Act 1989, and
  - (ii) in respect of the SRB, through the application of its tasks of a single Resolution Authority as part of the SRM in accordance with the SRM Regulation.

## **SECTION TWO: GENERAL FRAMEWORK**

- 2. This CA is a statement of intent to consult, cooperate, and exchange information in connection with the preparation for and implementation of the Resolution of Entities in New Zealand and in the European Banking Union in a manner consistent with and permitted by the laws and requirements that govern the Authorities. The Authorities will take steps to continue and enhance ongoing cooperation and

communication through periodic and ad-hoc consultations between them, both during normal business-as-usual circumstances and during periods of financial stress. As the condition of an Entity deteriorates, it is expected that cooperation between the Authorities will intensify as well. Additional communications may take place under the terms of this CA or as otherwise determined by the Authorities.

3. The SRB fulfils the tasks of a European Resolution Authority as part of the SRM in accordance with the SRM Regulation. The main aims of the SRM are to ensure effective and uniform Resolution rules and equal conditions of Resolution financing across Participating Member States under a centralised power of Resolution. The SRB is responsible for the collection of information and the cooperation with National Resolution Authorities for the elaboration of Resolution planning for entities under its scope, including the assessment of resolvability and the determination of the minimum requirement for own funds and eligible liabilities. In performing its tasks the SRB works with other relevant authorities, which in some instances are the primary sources of certain relevant information and with which requests for such information must be coordinated. It is responsible for the adoption and monitoring of execution of Resolution schemes for all entities falling under its direct scope of responsibilities as set by the SRM Regulation. In accordance with Article 18(7) of the SRM Regulation, the European Commission and the Council of the European Union are responsible for approving or objecting to the Resolution scheme adopted by the SRB with regard to the scheme's discretionary aspects. Moreover, pursuant to Articles 7(3) and 31(1) of the SRM Regulation, the SRB will receive from National Resolution Authorities any draft decisions on which it may express its views. In case of non-compliance and where necessary to ensure the consistent application of high Resolution standards the SRB may issue warnings to the relevant National Resolution Authority. Furthermore, at any time, the SRB may decide to exercise direct powers under Article 7(4) of the SRM Regulation. The SRB also represents National Resolution Authorities of the Participating Member States for the purpose of consultation and cooperation with Non-Participating Member States or third countries pursuant to Article 32(1) of the SRM Regulation and concludes cooperation arrangements on behalf of National Resolution Authorities of Participating Member States pursuant to Article 32(4) of the SRM Regulation. This does not affect the RBNZ's ability to communicate, share information and establish relations with National Resolution Authorities, provided that the RBNZ informs the SRB accordingly.
4. The RBNZ is the prudential supervisor banks for the purposes of promoting the maintenance of a sound and efficient financial system and avoiding significant damage to the financial system that could result from a bank failure. The RBNZ is also the prudential supervisor of non-bank deposit takers, insurers and financial markets infrastructure participants and will be responsible for administering and managing New Zealand's deposit compensation scheme, which is expected to be passed into law in 2023 and implemented from mid-2024. Under its current legislative mandate, the RBNZ has the power to recommend that a bank or insurer in financial distress be placed into statutory management. Under proposed legislative changes, if enacted in their current form, RBNZ will be New Zealand's resolution authority for all "licensed deposit takers" (currently known as registered banks and licensed non-bank deposit takers).

5. This CA expresses the Authorities' intent to enhance and strengthen their consultation and cooperation in understanding the complexities inherent in the cross-border operations of Entities, in conducting cooperative analyses of the challenges in the Resolution of such Entities, and in contingency planning for such challenges and Resolutions.
6. This CA does not constitute an agreement binding under international law.
7. This CA does not create any legally binding obligations, confer any rights, modify, supersede any domestic laws or restrict the Authorities in the exercise of their statutory powers and functions. This CA does not confer any rights upon any Person, including any right or ability directly or indirectly to obtain, suppress, or exclude any information or to challenge the execution of a request for assistance under this CA. Finally, this CA does not constitute waivers of immunity or privilege.
8. The Authorities acknowledge that any particular assistance, information or cooperation may be provided pursuant to the CA only if permitted under their respective laws, regulations or requirements.
9. This CA does not affect any arrangements under other agreements or memoranda of understanding, nor does this CA limit the terms of future arrangements.
10. This CA does not limit an Authority from taking solely those measures described herein in fulfilment of its Resolution or other functions. In particular, this CA does not affect any right of an Authority to communicate with, or obtain information or documents from, any Person subject to its jurisdiction that is located in the territory of the other Authority.
11. The Authorities intend that the cooperation and information-sharing arrangements under this CA should be implemented in a manner that is compatible with the obligations and commitments that an Authority may have to an asset management, banking or other regulatory Authority or agency pursuant to memoranda of understanding or other agreements.
12. The Authorities intend periodically to review the functioning and effectiveness of cooperation arrangements between them with a view, *inter alia*, to expanding or altering the scope or operation of this CA should that be judged necessary. Such periodic review will seek to ensure that this CA accommodates and responds to changing circumstances and benefits from lessons learned. It will also be updated if there are material developments – for example, changes to either of the Authorities' responsibilities – that are likely to impact the way the RBNZ and the SRB work together.

### **SECTION THREE: COMMON PRINCIPLES REGARDING RESOLUTIONS OF ENTITIES WITH CROSS-BORDER OPERATIONS**

13. Managing a crisis involving the cross-border activities of an Entity is a matter of common interest for New Zealand and the European Banking Union. The successful management and Resolution of a crisis involving an Entity with significant cross-border activities in New Zealand and the European Banking Union requires careful *ex ante* preparation to establish optimal processes and steps to ensure effective

coordination and implementation of possible monitoring of Entities, crisis management, recovery and Resolution strategies.

14. Cooperation methods and tools for cross-border Resolution should be flexible and designed to allow for adaptation to the specific features of a crisis and the individual institutions involved. Cross-border cooperation methods will build on effective Resolution regime arrangements and cooperation between the Authorities, and the Authorities should undertake steps to improve their ability to promptly assess the broader effects of any financial crisis and its cross-border implications based on common terminology and analyses.
15. Arrangements for crisis Resolution should reflect the division of responsibilities between the Authorities and other responsible regulators and supervisors, and the coordinating role of home country regulators and supervisors. Where possible and feasible, the Authorities should implement Resolution options that are consistent with their respective Resolution objectives, in particular aimed at pursuing financial stability and protecting insured depositors (amongst others), duly considering the potential impact of their Resolution actions on the financial stability of New Zealand and the European Union.
16. The Authorities recognise the importance of the cross-border crisis management groups ("CMGs") as developed by the Financial Stability Board ("FSB") under the Financial Stability Forum ("FSF") *Principles for Cross-border Cooperation on Crisis Management* (April 2009) and the FSB *Recommendations on Reducing the Moral Hazard posed by Systemically Important Financial Institutions* (2010), and intend to work together to ensure that the CMGs in which they jointly participate effectively strengthen institution-specific cross-border Resolution preparation and arrangements, consistent with the FSF *Principles for Cross-border Cooperation on Crisis Management* (April 2009) and the FSB *Key Attributes of Effective Resolution Regimes for Financial Institutions* as adopted by the G20 at the Cannes Summit in November 2011 and as amended in October 2014.

#### **SECTION FOUR: MECHANISM AND SCOPE OF RESOLUTION CONSULTATION, COOPERATION, AND EXCHANGE OF INFORMATION**

17. The Authorities recognise the importance of close and effective communication concerning the global operations of Entities, and intend to consult regularly regarding general Resolution developments, including the sharing of all relevant information, including, to the extent permitted by applicable law and not contrary to public policy, agency-developed Resolution plans pertaining to the group as a whole or to individual subsidiaries where plans of subsidiaries exist, and issues relevant to the operations, activities, and regulation of such Entities. Furthermore, the Authorities will seek to enhance cooperation in the analysis of Entities' Resolution issues, planning for potential Resolution scenarios, and appropriate simulations, contingency planning or other work designed to improve preparations of the Authorities for managing and resolving crises involving Entities.
18. The Authorities will also work with Other Governmental Entities and with Entities themselves in developing Resolution plans and strategies for Entities and in ensuring that such plans and strategies remain current. To the extent possible, in respect of any confidentiality and other restrictions, the Authorities intend to:

- (i) discuss approaches to Resolution planning;
  - (ii) share ideas and strategies; and
  - (iii) facilitate mutual understanding of Resolution plan rulemaking, rules, practice and implementation in each other's jurisdiction.
19. To the extent practicable and as appropriate in the particular circumstances, including the status of efforts to address any difficulties experienced by an Entity, each Authority will endeavour to inform the other Authority:
- (i) in advance of regulatory changes relating to Resolution regimes and which may have a significant, material impact on the operations or activities of an Entity in the other jurisdiction; and
  - (ii) of the respective statutory and other legal requirements, including procedural requirements, applicable to the recognition and enforcement of foreign Resolution proceedings under their respective jurisdictions.
- This will, however, be without prejudice to any arrangements relating to specific prudential issues.
20. Each Authority will make available staff as appropriate to give presentations to, and run training sessions for, the other Authority, to share expertise and knowledge.
21. Each Authority will designate a contact person or persons of sufficient seniority *ex ante*, to be involved in ongoing Resolution and crisis management of Entities. These contact people will be listed in Annex A of this CA. Each Authority will inform the other Authority of these appointments and any changes thereto. Senior level contacts will be supported by regular working-level contact and collaboration, potentially including joint work on issues of common interest.
22. To the extent necessary to supplement periodic consultations, and so far as consistent with any Entity-specific cooperation agreements agreed by both parties through any Entity's CMG and with ensuring compliance with the laws or regulations of New Zealand or the European Union (including the European Banking Union), the Authorities intend to cooperate with each other in assisting with Resolution planning (including implementation of such planning). The assistance covered by this paragraph may include, as appropriate to each Entity and in accordance with the rights of each Authority to collect or otherwise obtain information, providing:
- (i) information relevant to the financial and operational conditions of an Entity, including, for example, capital structure, liquidity, and funding profiles, internal controls procedures, external market or ratings information, Entities and locations providing important operational capabilities, and identification of materially significant subsidiaries, branches and affiliates, such as Entities engaged in capital markets, information technology and data processing services;

- (ii) assistance in interpreting requested information, if such assistance is needed; and
- (iii) assistance in obtaining other information located in the Requested Authority's jurisdiction that may be relevant to the Requesting Authority's planning and implementation of Resolution.

In addition, the Authorities will discuss and determine on the information each should provide to the other for the purpose of planning and implementing Resolutions (which may include monitoring of Entities, crisis management activities and review of recovery and Resolution plans).

23. The Authorities recognise that communication and coordination can play an important role in promoting efficiency and preserving value in the Resolution of an Entity. The Authorities further acknowledge that their legal duties and objectives will often align with the goals of maximising recoveries, minimising losses and minimising moral hazard. Where this is the case, they will endeavour, subject to applicable laws and regulations, to cooperate and coordinate in order to identify and implement Resolution processes and joint communication strategies that meet these goals in both of their respective jurisdictions. For these purposes, both Authorities provide a list of relevant units and responsible persons with their contact information in Annex A of this CA.
24. The Authorities recognise that there may from time to time be technical matters related to specific Resolution plans and Resolution cases upon which it might be necessary to take a broadly common view or position. Through regular dialogue, the Authorities will seek to identify such matters. To the extent that the respective objectives of the Authorities can be best advanced through a joint articulation of such view or position and/or through joint engagement with third parties, the Authorities will seek to do so.
25. The Authorities recognise that the cooperation and exchange of information in Emergency Situations need to be intensified and occur at a sufficiently early stage to ensure effective cooperation and coordination in the development and execution of Resolution. The information shared in such Emergency Situations includes, but is not limited to information on the assessments on failing or likely to fail and other conditions for Resolution. Cooperation and exchange of information should also concern the triggers for the application of the Resolution tools and powers, and, as the case may be, the legal requirements and legal obstacles to the recognition, support or provision of effects of Resolution in the other Authority's jurisdiction, if such actions contribute to a more orderly Resolution.
26. The Authorities will endeavour to avoid actions that could reasonably be expected to interfere with the Resolution plan, trigger instability elsewhere in the internationally active Entity, or in the financial system of the other Authority's jurisdiction and to ensure continuity of critical functions, while protecting public funds. In the absence of effectively coordinated Resolution among the Authorities, the right of each Authority to act on its own initiative if necessary to preserve domestic financial stability or achieve any other domestic Resolution objectives will not be prejudiced.

27. The Authorities endeavour to continue sharing information and cooperating in the preparation and implementation of the reorganisation of the Entity following the execution of Resolution.

28. English will be the working language in all written and spoken communication.

## **SECTION FIVE: EXECUTION OF REQUESTS FOR ASSISTANCE**

29. To the extent possible, a request for information pursuant to Sections Four and Six should be made in writing, and addressed to the relevant contact person(s) (see Annex A). A request should generally specify the following:

- (i) the information sought by the Requesting Authority;
- (ii) a general description of the matter which is the subject of the request and the purpose for which the information is sought;
- (iii) to whom, if already known, onward disclosure of information provided to the Requesting Authority is likely to be necessary on a need-to-know basis;
- (iv) any information known to, or in the possession of, the Requesting Authority that might assist the Requested Authority in fulfilling the request; and
- (v) The desired time period for reply and, where appropriate, the urgency thereof.

When receiving requests for information or assistance, the Authorities should provide one another with the fullest cooperation consistently with this CA and their responsibilities and legal frameworks. In case of denial of assistance, the requested Authority should give reasons for not providing the requested assistance.

30. In Emergency Situations, the Authorities will endeavour to notify each other of the Emergency Situation and communicate information to each other as would be appropriate in the particular circumstances, taking into account all relevant factors, including the status of efforts to address the Emergency Situation. During Emergency Situations, requests for information may be made in any form, including orally, provided such communication is confirmed subsequently in writing. The Authorities will endeavour to provide information as quickly as possible during Emergency Situations.

## **SECTION SIX: PERMISSIBLE USES AND CONFIDENTIALITY OF INFORMATION**

31. The Authorities recognise that information shared in accordance with this CA should be considered as confidential in accordance with the applicable laws and regulations, unless the Authority providing the information indicates otherwise.

32. Confidential information may only be shared if the recipient Authority will treat such information as confidential in accordance with confidentiality requirements and safeguards appropriate to the nature and the level of sensitivity of that confidential information. In addition, the provision of, or request for, information

under this CA may be denied on grounds of public interest or national security, or when disclosure would interfere with an ongoing investigation.

33. Any confidential information received from a Requested Authority will be used only for the purposes of carrying out functions relating to the areas covered by this CA and access to such confidential information will be restricted by each Authority to those staff members and agents bound by professional secrecy obligations in compliance with the applicable legal framework, and to any other persons retained by contract – under confidentiality requirements similar to those applicable to each Authority – to provide services to such Authority, that have a genuine need for such access in order to perform their functions relating to Resolution planning and Resolution action. To the extent permitted by law, a Requesting Authority will hold confidential all information (other than publicly available information) received from a Requested Authority pursuant to this CA and will not disclose such information other than as necessary to carry out its Entity monitoring, crisis management, Resolution planning or implementation responsibilities and consistent with paragraphs 34, 35, 36, 37, 38 and 39.
34. Except as provided in paragraphs 35, 37, 38 and 39, before a Requesting Authority discloses any confidential information received from a Requested Authority to a third party, the Requesting Authority will request and obtain prior written consent from the Requested Authority, which will not be unreasonably withheld.
35. In the event that a Requesting Authority is required by statute, law or legally enforceable demand to disclose confidential information provided pursuant to this CA, it will, to the extent permitted by law, inform the Requested Authority about such possible onward sharing in advance. If the Requested Authority does not consent to such disclosure, then, the Requesting Authority will take all available and appropriate steps to resist disclosure, including by employing legal means to challenge the order or by advising the third party requiring such information of the possible negative consequences that such disclosure might have on the future exchange of confidential information between the Authorities. The Requesting Authority will communicate any actual disclosure made to the Requested Authority.
36. The Authority which transmits onwards the confidential information in accordance with the terms of this CA will obtain assurances from the Authority receiving such confidential information that, in addition to professional secrecy requirements as may be required by law, the confidential information will not be further disclosed by that Authority.
37. The Authorities acknowledge that prior consent will not be required where information is transmitted by an Authority to an authority responsible for the prudential supervision, recovery or early intervention of an internationally active institution or group subject to the Resolution regime or a central bank or a ministry of finance or an authority competent for the Resolution financing arrangement or an authority competent for a deposit guarantee scheme or an authority competent for the approval of the granting of State aid of the Authority's jurisdiction and as regards the SRB, the European Commission, the Council of the European Union and the European Banking Authority, provided that such transmission is made solely to the extent and within the limits of the statutory role of the authority in the operation of the Resolution regime in accordance with the applicable laws and

regulations of the jurisdiction of the Authority transmitting onwards the confidential information.

38. The Authorities acknowledge confidential information may be disclosed to the authorities listed in paragraph 38 on a need-to-know basis provided that the Requested Authority is informed in writing. However, where information is shared with an authority responsible for prudential supervision, recovery or early intervention, or, in the case of the SRB, with the European Commission in its capacity as permanent observer in the SRB's decision-making bodies, the Authorities acknowledge that no such notification is required. In addition to the professional secrecy requirements as may be required by law, the Authorities will obtain assurances from the authorities listed in paragraph 38 that the confidential information will be shared internally only between persons directly involved in the Resolution process, will not be used for purposes other than for Resolution, and will not be further disclosed unless otherwise authorised by the Requested Authority.
39. With respect to paragraph 34, the SRB represents that it is required by Article 30(2) of the SRM Regulation to disclose on an ongoing basis during business-as-usual (for example, to individual members of internal Resolution teams), confidential information to National Resolution Authorities (the "Onward Sharing Recipients").<sup>1</sup> The SRB further represents that obtaining consent of, or providing notice to the RBNZ of such disclosure to the Onward Sharing Recipients would prove burdensome in light of the ongoing nature of this requirement to disclose. The SRB may therefore disclose confidential information to the Onward Sharing Recipients on a need-to-know basis pursuant to this requirement, subject to the following condition:

Before disclosing confidential information to the Onward Sharing Recipients, the SRB will obtain assurance from each Onward Sharing Recipient receiving such confidential information, that, in addition to such professional secrecy requirements as may be required by law, the confidential information will be used solely to the extent and within the limits of the statutory role of the Authority in the operation of the Resolution regime in accordance with that Authority's jurisdiction applicable laws and regulations and will not be further disclosed by the Onward Sharing Recipient, except to other National Resolution Authorities on a need-to-know basis. The SRB will inform the RBNZ on a regular basis of any information shared with any of the Onward Sharing Recipients as a result thereof.

40. No privileges or confidentiality associated with information provided by an Authority are intended to be waived as a result of sharing such information pursuant to this CA.

## **SECTION SEVEN: DATA PROTECTION**

41. The personal data exchanged on the basis of this CA are processed in line with the applicable legal framework. In particular, the SRB processes personal data, including that contained in the information received from the RBNZ, in accordance with Regulation (EU) No 2018/1725 or Regulation (EU) No 2016/679, and in line

---

<sup>1</sup> This may also mean sharing with the European Commission, the Council of the European Union, and the European Central Bank

with the SRB Privacy Note, as the case may be. The RBNZ, on the other hand, processes personal data, including that contained in information received from the SRB, in accordance with the Privacy Act 2020 and any other applicable New Zealand legislation as the case may be, each as amended from time to time.

## SECTION EIGHT: REVIEW AND AMENDMENT

42. Authorities may review the functioning and effectiveness of cooperation and information exchange under this CA, either every two years, or after an earlier interval when deemed necessary by both Authorities.
43. Any amendment to this CA, except to the Annexes, requires mutual consent of the Authorities and will be confirmed in writing unless otherwise determined upon.

## SECTION NINE: DISCONTINUATION

44. Cooperation in accordance with this CA will commence as of the date of signature and continue indefinitely subject to modification by the mutual consent of the Authorities or discontinuation by an Authority with 30 days advance written notice to the other Authority. After discontinuation, the confidentiality provisions in Section Six will continue to apply to any information provided under this CA prior to discontinuation.
